PROGRAMMING SKILLS

- JAVA
- PYTHON
- HTML
- CSS
- JAVASCRIPT
- NODE.JS
- SQL
- Laravel
- Next.js
- PostgreSQL

SOFTWARE SKILLS

- Intelij
- MySQL
- Ms Office
- Figma
- Draw.io
- NetBeans
- canva
- POSTMAN

PROFILE

I am a passionate and detail-oriented developer with a strong interest in full-stack web development, specializing in front-end technologies like React and back-end development using Node.js. I enjoy building efficient, user-friendly applications by combining clean code with practical functionality.

I am continuously improving my skills by exploring modern web technologies and staying updated with industry trends. As an active member of the Toastmasters Club, I also work on enhancing my communication and leadership skills, which help me collaborate effectively in team environments.

EDUCATION

- UNIVERSITY OF WESTMINSTER
Collaborating with INFORMATICS INSTITUTE OF TECHNOLOGY
Reading for Computer Science degree 2024 - Present
- FOUNDATION CERTIFICATE COURSE
IIT Campus I did a foundation course in IIT. 2023 - 2024
- GOOD SHEPHERD CONVENT - KOTAHENA
 - G.C.E. - Ordinary Level
A5,B2,C2
 - G.C.E. - Advanced Level

PROJECTS

- CrackCode - Gamified Learning Platform |Group Project | 2025
React, Node.js, MongoDB, Express
Developing a gamified coding education platform with interactive challenges, progress tracking, and achievement systems to make learning engaging.
Live at : <https://crackcodehq.com/>
- Air Ticket Collector
Spring Boot, MySQL
Currently working with a back-end air ticket management system with java,spring boot, I'm hoping to use JPA database integration, and a responsive Angular front-end for managing airports, tickets, and travel data.
- BetterMe - Personal Development Website | Team Leader |2025
HTML, CSS, JavaScript
Led a team to create a comprehensive personal development website with goal tracking and self-improvement resources.
- Inventory Management System | Individual Project | 2026
Next.js, Laravel, PostgreSQL, Laravel Sanctum, Railway, Vercel
Built a secure internal inventory management system for Ceyntics Systems (Pvt) Ltd. Cloud-based inventory system with role-based access, JWT authentication, item borrow/return tracking, hierarchical storage, and full audit logs.
Live at: <https://inventory-frontend-weld-three.vercel.app/>

SOFT SKILLS

- Leadership
- Teamwork
- Time Management
- Creativity
- Public Speaking

LANGUAGE

- Sinhala
- English

- **Hostel Management System |Individual Project | 2025**

Java

Built a desktop application for managing hostel operations including room allocation, student records, and payment tracking.

- **Traffic Data Analysis Tool |Individual Project | 2024**

Python, Tkinter

Python application for gathering and analyzing traffic data at two junctions with data visualization and statistical analysis.

- **Smart Campus Management System | Individual Project | 2026**

Java, Spring Boot, MySQL, REST API, Postman

Developed a scalable campus management system to streamline academic operations, using Spring Boot, MySQL, and RESTful APIs with Postman testing.

PROFESSIONAL QUALIFICATIONS

- Engaged in UoW Problem Solving International Hackathon (2025) as a participant. (Team Leader)
- Engaged in Code Golf 2024, showing problem-solving skills.
- Participates in a speech contest competition within the Toastmasters club.
- Assistant PR of Wattala Toastmaster club 2025 - present
- Engaged in ModelX (2025) as a participant.
- Engaged Cutting Edge (2025) as a volunteer.

ACHIEVEMENTS

- Python course – IIT campus.
- Cyber Security and Networking course -IIT campus.
- CMJD PROFESSIONAL (COMPREHENSIVE MASTER JAVA DEVELOPER) - IJSE campus.
- IT and ENGLISH diploma - Esoft Metro Campus.
- Web Design for beginners course - University OF Moratuwa.

EXTRACURRICULAR ACTIVITIES

- Member of an IEEE student and computer society IIT (2025 Present)
- Member of a Toastmasters club in Wattala Toastmaster club (2023 - present)
- and Assistant PR of the Wattala Toastmaster club (2025 Present).
- Member of a school Swimming team in Good Shepherd Convent – Kottehena (2014-2018).
